**Subject: Diary no - 162 - Follow-up on Illegal Waste Dumping Issue in Sanjay Van Reserved Forest.**

Dear Sir/Madam

This is a follow-up to our earlier communication (Diary Number 162) regarding the ongoing issue of illegal waste dumping at Sanjay Van Reserved Forest, New Delhi. As mentioned in our previous letter, our volunteer group has been actively working to clean up this vital green space.

We regret to inform you that, upon revisiting the location (GPS Coordinates: 28°31'57.3"N, 77°10'27.6"E), we observed that the situation has worsened. The waste previously accumulated has been burnt, and unfortunately, new non-biodegradable waste has been dumped at the same spot once again. This not only poses a serious environmental threat but also undermines the hard work of the community clean-up efforts. We have attached photographs of the recent incident and scan copy of the previous letter for your reference.

Diary No. 216  
Received.....  
Hord Division 4, File.....  
Sign.....

Given the recurring nature of this issue, we kindly request an update on the actions taken by the authorities regarding our initial request.

Thanking you

Yours sincerely,  
There Is No Earth B
